FURTUNA YIMER

📍 Addis Ababa, Ethiopia 📞 +251 970711967 ✉️ furtunatilahun@gmail.com

PROFESSIONAL SUMMARY

Results-driven **MERN Stack & Frontend Developer** with hands-on experience designing, building, and deploying scalable web applications using **MongoDB, Express.js, React.js, Next.js, Node.js, TypeScript, and JavaScript**. Proven track record of architecting full-stack solutions, building RESTful APIs, optimizing user interfaces, and collaborating with cross-functional engineering teams. Adept at database management, state architecture, and translating complex technical requirements into high-performance web products.

TECHNICAL SKILLS

Full-Stack / MERN:	MongoDB, Express.js, React.js, Node.js, RESTful APIs, Mongoose, Full-Stack Architecture
Frontend Development:	Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Bootstrap
Design & Prototyping:	Figma, Adobe Illustrator, UI/UX design
Tools & Version Control:	Git, Postman, FastAPI, QA Testing & Debugging

WORK EXPERIENCE

MERN Stack Developer & Frontend Engineer | **Freelance / Contract** — **jun 2025 – present**

- Architected and developed end-to-end full-stack web applications utilizing MongoDB, Express.js, React.js, and Node.js.
- Designed and implemented secure RESTful APIs, server-side data models, and database schemas with JWT user authentication.
- Built dynamic, responsive interfaces using React and Tailwind CSS, ensuring optimal client-server performance and state flow.

Frontend Developer & QA Tester | **Top Tech** — **Jan 2025 – Nov 2025**

- Built responsive web applications while maintaining high code quality through continuous testing and UI validation.
- Integrated complex RESTful backend services and optimized client-side performance for smooth user navigation.
- Collaborated with design and engineering teams to identify defects, validate fixes, and refine user experience.

AI Data Evaluator | **Revelo** — **Jan 2026 – Apr 2026**

- Evaluated AI model outputs against complex technical prompts, analyzing logic flaws, edge cases, and code performance.
- Applied critical thinking and prompt engineering techniques to improve model accuracy, reliability, and code quality.

Project Designer & Frontend Developer | **INSA Summer Camp** — **Jul 2025 – Aug 2025**

- Designed and developed a **Lost and Found Person website** for the Afalgugn Project, prioritizing accessibility, usability, and engaging UI/UX design.

Web Developer Intern | **E-Tech S.C.** — **Jul 2024 – Sep 2024**

- Collaborated in building the responsive frontend for an Internship Management System using React.js and dynamic form workflows.

UI/UX Designer & Web Developer Intern | **Kuraz Technologies** — **Jul 2023 – Sep 2023**

- Contributed to web development projects including a university website and a dynamic e-commerce testimonial module.

EDUCATION

B.S. in Computer Science & Engineering — Adama Science and Technology University — **Graduated: 2025 | Adama, Ethiopia**

ACHIEVEMENTS & AWARDS

- **Top 3 Best Graduation Projects** – Adama Science and Technology University (2025)
- **1st Place Winner** – NSDA Hackathon
